

## FRENCH – Long Term Overview

**School Vision:** To be best prepared to live life in all its fullness.

**Subject Intent:** To be best prepared for the next stage in their languages journey.

*The Gospel offers forgiveness of the past, new life in the present and hope for the future.*

**Past** = *To be at peace and ready to learn:* Our curriculum is progressive - it is built on previous skills and meaningful experiences. Children will understand similarities we have with French people and celebrate our differences too

**Present** = *To be inspired in the present:* Pupils will receive high quality lessons which are scaffolded so all pupils, including the most vulnerable, can succeed. Pupils will understand the importance of other languages for communication and will explore the relationship between language and identity.

**Future** = *Hope for the future:* Children will leave Reefence with a love of language and a desire to visit other countries so they can converse with speakers of other languages. They will understand the world around them and have a better cultural understanding.

### Our School Values

Respect	Friendship	Love
Forgiveness	Responsibility	cooperation
